**Please note:**

As the parent, you are primarily responsible for administering medication to your child. However, we are aware that you cannot always do so and may wish to have the school personnel administer or supervise your child self-administering medication. To schools, a medication is any drug purchased over the counter (for example, Tylenol, cough syrup, cough drops), as well as those prescribed by a doctor. Our schools maintain no supply of medications.

Medications are to be supplied in an original container, be clearly marked with the students name and correct dosage. At school, medications will be stored in a locked cabinet and accessible only by school personnel. If a student is to have a medication on his/her person, such as an inhaler or epinephrine auto injector, there will need to be a doctor's order for this. Requests for medication administration are good for a school year only and must be renewed each school year.

**MEDICATION PERMISSION SECTION:**

I, the parent / guardian of this student, authorize St. Paul Lutheran School and its employees, in my behalf and stead, to administer or to allow my child to self-administer with supervision lawfully prescribed medication. I acknowledge that it may be necessary for the administration of medications to my child be performed by an individual other than the school nurse and specifically consent to such practice. I further acknowledge and agree that when the lawfully prescribed medication is so administered or attempted to be administered, I waive any claims that I might have against St. Paul Lutheran School and its employees, arising out of the administration of said medication. In addition, I agree to hold harmless and indemnify St. Paul Lutheran School and its employees, either jointly or severally, from and against any and all claims, damages, causes of action or injuries incurred or resulting from the administration or attempted administration of said medication(s).

***Family Notification Information***  
***St. Paul Lutheran School***

St. Paul Lutheran School is continuing to make advancements in our technology which include our online **Sycamore Education System**. Through this program we will be sending out emails and/or texts regarding various items including but not limited to; registration information and forms, billing information and reminders, any weather or emergency related announcements, PTL and school event updates.

When filling out this information please make sure you print clearly and the information is legible. We need to have at least one email and/or cell phone number on file in our system.

Keeping you informed is a top priority at St. Paul. That's why we will use the Blackboard Connect Notification Service which allows us to send a **telephone, text, and/or email messages** to you providing important information about school events or emergencies. In the event of an emergency at school, you can have peace of mind knowing that you will be informed immediately.

The successful delivery of information is dependent upon accurate contact information for each student, so please make certain that we have your most current phone numbers. If this information changes during the year, please let us know immediately.

Note that the primary phone numbers will be called for standard and emergency calls; the emergency numbers will **only** be used in an emergency, and all will be dialed simultaneously. Thank you for your cooperation and if you have any questions, please don't hesitate to contact us.

Regards,  
Steven L. Hall, Principal
